& COCO

Una storia fatta di passione e di persone

Signorini & Coco produce mobili d'arte dal 1968, seguendo la grande tradizione ebanista dei capostipiti. La cura produttiva li ha distinti sin da subito, facendo delle lavorazioni artigianali sartoriali la propria firma nel mondo. Divenuta un'eccellenza internazionale nel settore dell'arredamento classico, forte di nuove sfide e grazie all'energia della terza generazione della famiglia, con passione e perseveranza l'azienda continua la ricerca di perfezione stilistica e qualità, mantenendo salde le radici del passato e con lo sguardo sempre dritto verso il futuro.

A story of passion and people

Signorini & Coco has been producing art furniture since 1968, pursuing the grand cabinet-making tradition of its founders. It immediately distinguished itself for attentive production, making bespoke craftsmanship its trademark worldwide. It is now an international excellence in the sector of classic furnishing, empowered by new challenges. Thanks to the energy of the family's third generation, the Company strives, with passion and perseverance, to reach quality and stylistic perfection and quality, thus preserving its roots, and looking always ahead to the future.

Ogni volta un tocco da maestro

La mano del maestro artigiano rappresenta una risorsa unica ed insostituibile, una ricchezza oltre il tempo. È grazie a questo irripetibile strumento che nascono gli intarsi finemente elaborati, gli intagli sorprendenti, le raffinate pitture decorative, l'applicazione manuale della foglia d'oro. Ogni artigiano è un maestro di tradizione, ogni suo intervento è unico ed irripetibile. Oggi l'azienda si avvale di questo incredibile patrimonio unito a tecniche di lavorazione moderne e all'avanguardia. Tradizione ed innovazione si fondono in un connubio di stile, arte e lungimiranza.

A touch of mastery every time

The mastery of the craftsman is a unique and unreplaceable resource, a timeless wealth. And this is the irreplaceable tool that produces the finely crafted inlays, amazing engravings, refined pictorial decors, and manual application of the gold leaf. Each craftsman is a master of tradition, and each work is unique and unrepeatable. The Company today avails of this incredible heritage, along with modern and avant-garde processing techniques. Tradition and innovation are blended in a match of style, art, and foresight.

Una forma d'autore

Un ciclo completo di qualità che inizia con la scelta accurata dei materiali: solo legni pregiati vanno ad essere lavorati, scolpiti ed intarsiati. La qualità delle materie prime e l'esperienza con cui ogni singolo elemento viene realizzato ne garantiscono l'efficienza e la durata nel tempo.

Le finiture vengono realizzate solo con vernici e colori ecologici, certificati dai produttori, perché anche l'ambiente è un valore da tramandare. Ogni arredo porta l'inconfondibile firma di autenticità, la targhetta che rappresenta l'essenza dell'azienda e la garanzia del Made in Italy.

A signature work

A complete quality cycle starts with careful choice of the materials: only prized woods are processed, carved, and inlaid. The quality of the raw materials and experience with which each single element is produced, guarantees the efficiency and durability of the products.

The finishings are done only with eco-friendly paints certified by the producers, since also the environment is a value to be handed down.

Each furniture piece bears the unmistakable authentication mark, the plate that represents the essence of the company and a guarantee of the genuine "Made in Italy."

Suoniamo tutta un'altra musica

La proposta New Classic Signorini&Coco si ispira alle atmosfere anni cinquanta contraddistinte da forme arrotondate e rivestimenti in tessuto dai colori caldi, con fibbie centrali e ricami in ottone finemente collegati con cristalli ottagonali che caratterizzano la collezione Broadway.

Completano la rivisitazione i rivestimenti in pelle trapuntata e la rilettura del piede prettamente classico a sottolineare un carattere mai banale e una morbidezza che trasporta la memoria ad un passato finemente reinterpretato nella nuova collezione Blues. Un design versatile accompagnato dalla meticolosa cura dei dettagli e delle lavorazioni artigianali toscane completa l'idea, divenuta il passaggio narrativo e stilistico da un passato d'epoca ad una contemporaneità funzionale e accogliente.

We're playing a different tune altogether

Signorini&Coco's new proposal draws inspiration from the atmospheres of the 1950s, distinguished by roundish forms and fabric linings with warm colours, central buckles and brass embroideries finely linked with octagonal crystals that characterise the Broadway collection.

The revival is completed with quilted leather linings and the new interpretation of the purely classical foot to underline a never commonplace feature and a softness that brings back memories of a past, finely and freshly expressed in the new Blues collection. A versatile design accompanied by meticulous care for details and the Tuscan artisanal workmanship complete the idea, transformed into the narrative and stylistic transition from a past period to a functional and warm contemporaneity.
